**His Majesty the King
Buckingham Palace
London
SW1A 1AA**

From Members of the Mine Warfare Association: -

Your Royal Highness,

It has been our pleasure to have served Her Majesty Queen Elizabeth II for so many years. Sadly, her Majesty's watch is now over, and Her Majesty can now stand-easy as she sails on her final deployment, we wish Her Majesty calm seas and fair winds.

Individuals, within the association, will have their own personal memories and they were, most certainly, honoured by Her Majesty's company. The Association would like to thank Her Majesty for her enduring commitment to service and duty.

God Bless Queen Elizabeth II and Long Live King Charles III. The Mine Warfare Association will continue to have the honour to be, Sir, the sovereign's humble and obedient servants.

Yours Aye

P.T. Reader.
